

Willits Canoe 952
Supplemental Information

In addition to the detailed map described in my “Sampling of Chart of 1961 Willits Canoe Voyage to Alaska from Camp TahadoWa” dated May 27, 2026 and previously forwarded, listed below are other charts showing various other voyages undertaken in my Willits over many years, ranging from the San Juan Islands in Washington State, to the top of the Muir Arm of Glacier Bay in Alaska:

- San Juan Islands to Sydney, BC, 1966
- Gulf Islands, BC 1976
- Butte Inlet, 1981
- Toba Inlet, 1988
- Gulf Islands, 1988
- Kingcome Inlet, 1997
- Ketchikan to Juneau, 2002
- Johnstone Strait, Robson Bight, 2003
- Glacier Bay, NP Hdqtrs to Muir Inlet 2011

These charts could be used to enhance a display and would accompany the canoe if the purchaser would find them of interest.

One further item that could be of interest for a display is a day by day itinerary and a list of the participants for the 1961 Alaska voyage.

Gary Davis, Monterey, CA
